Naučna tribina

MAGNITSKI ZAKONODAVSTVO

Nova generacija zakona o restriktivnim merama i ciljanim sankcijama zbog teške povrede ljudskih prava i korupcije

Prof. dr STEVAN LILIĆ

Podgorica, 13. juni 2023.

Сергей Леонидович Магнитский (1972 –2009)

- **Magnitski zakonodavstvo** nazvano je po ruskom državljaninu Sergeju Magnitskom koji je bio revizor u jednoj advokatskoj firmi u Moskvi.

- Magnitski je otkrio i tvrdio da je došlo do **krađe državne imovine ogromnih razmera**, koju su posredno omogućili ili neposredno izvršili državni funkcioneri Ruske Federacije.

- Njegovo **hapšenje 2008. godine i smrt 2009. godine** nakon jedanaest meseci u policijskom pritvoru izazvali su reakciju međunarodne javnosti i pokrenulo istrage o korupciji, krađi i teškim povredama ljudskih prava u Rusiji. Magnitski je umro u zatvoru sedam dana pre isteka jednogodišnjeg roka do kojeg je mogao biti u pritvoru bez suđenja.

- Hapšenje i smrt Sergeja Magnitskog **izazvali su međunarodnu reakciju**.

MAGNITSKYLEGISLATION

A new generation of laws on restrictive measures and targeted sanctions due to serious violations of human rights and corruption

Prof. Dr. STEVAN LILIC

Podgorica, June 13, 2023.

Sergei Leonidovich Magnitsky (1972-2009)

- **The Magnitsky legislation** is named after a Russian citizen, Sergei Magnitsky, who was an auditor at a law firm in Moscow.

- Magnitsky discovered and claimed that there was **theft of state property on a huge scale** , which was indirectly facilitated or directly carried out by state officials of the Russian Federation.

- His **his arrest in 2008 and his death in 2009** after eleven months in police custody caused an international reaction and launched investigations into corruption, theft and serious human rights violations in Russia. Magnitsky died in prison seven days before the one-year deadline for him to be held without trial.

- The arrest and death of Sergei Magnitsky **they caused an international reaction** .

Dragi prijatelji,

U ovom impresivnom zdanju Crnogorske akademije nauka i umjetnosti, kao da smo u Luksoru ili Karnaku na obalama veličanstvenog Nila;

Dozvolite mi da vam u narednih 50-ak minuta, putem ove Multi-medijalne prezentacije, prikažem najnovija zakonodavna i pravna dostignuća u vidu nove generacije zakona o restriktivnim merama i ciljanim sankcijama zbog teške povrede ljudskih prava i korupcije,

Nova generacija zakonodavstva nazvana je po odlučnom i hrabrom Sergijem Magnitskom, čoveku iz Moskve koji je svoj život položio na uzvišeni oltar slobode i pravde.

Odajmo za trenutak poštu ovom odvažnom čoveku koji je svojim delom i svojom žrtvom promenio tokove savremene pravne civilizacije i otvorio put globalne borbe protiv teških povreda ljudskih prava i korupcije.

Slava mu.

Dear friends,
In this impressive building of the Montenegrin Academy of Sciences and Arts, it is as if we are in Luxor or Karnak on the banks of the majestic Nile;

In the next 50 minutes, through this multimedia presentation, allow me to show you the latest legislative and legal achievements in the form of a new generation of laws on restrictive measures and targeted sanctions due to serious violations of human rights and corruption,

The new generation of legislation is named after the determined and courageous Sergei Magnitsky, a man from Moscow who laid his life on the high altar of freedom and justice.

Let's take a moment to pay tribute to this courageous man who, with his work and his sacrifice, changed the course of modern legal civilization and opened the way for the global fight against serious violations of human rights and corruption.

Glory to him.
